

Enterprise Honor

Dongguan Yanke Intelligent Technology Co., Ltd

Company Profile

Dongguan Yanke Intelligent Technology Co., Ltd. was established in Dongguan in 2018. It is a national high-tech enterprise that focuses on serving enterprise research and development, universities, and research institutes. It has long been committed to building a safe, efficient, and intelligent one-stop service platform for experimental research and development. After years of development and accumulation, it has become a comprehensive solution provider for materials and new energy basic research, small-scale and pilot scale testing, and testing and evaluation; The product applications cover new energy materials, nanomaterials, lithium-ion batteries, sodium ion batteries, fuel cells, solid-state batteries, perovskite solar cells, supercapacitors, and functional thin films. Dongguan Yanke Intelligent Technology Co., Ltd has established a global service network, with equipment delivered to over 20 countries around the world, providing turnkey engineering solutions for scientists' laboratories.

CORPORATE CULTURE

VALUES

USER FIRST、INTEGRITY

PERSIST IN INNOVATION、

UNITE WITH ABSOLUTE SINCERITY

STRICT REQUIREMENTS

FOCUS ON QUALITY

ENSURE SAFETY

PROMOTE PROGRESS

CREATE BENEFITS.

Company Profile

Main product series:

Battery research and development experimental preparation equipment (including preparation schemes for lithium-ion batteries, sodium ion batteries, solid-state batteries, metal air batteries, flow batteries, supercapacitors, etc.);

Battery safety testing equipment (testing equipment that complies with international and domestic standards such as GB31241, GB31485, IEC62133, UN38.3, etc.);

Turnkey project for the full process system equipment of lithium-ion battery production and preparation, including button, cylindrical cell, pouch cell, prismatic cell aluminum shell cell and other full battery preparation schemes;

Preparation equipment for fuel cell research and development experiments (including preparation schemes for solid oxide, proton exchange membrane fuel cells, etc.);

And passed ISO14001, ISO9001, ISO45001 quality system certification; Obtained the title of National High tech Enterprise; Obtained over 30 certificates including utility model patents and inventions; And multiple computer software copyright registration certificates.
